

## Video of High Desert Off Grid: Recycling EV Batteries For Home Storage May 25, 2021

---

Dear Dianne:

We had some zoom technical difficulties at our May 25, 2021 meeting last week. Our website had problems forwarding the zoom meeting link and our email list server was down.

Our apologies if this caused you any issues. We did manage to still have the meeting with less people than expected.

We recorded the meeting and [posted it](#) on our REOCA YouTube channel. Please watch at your leisure.

Please subscribe to [REOCA's YouTube channel](#) and like the videos you watch.
